"Liveryman" shall include every person who, whether engaged in buying, selling, or exchanging motor vehicles or not, maintains for hire more than two motor vehicles or who maintains for hire one or more taxicabs. "Intersecting highway" shall mean any highway which joins another at an angle, whether or not it crosses the other. "Motor cycle" shall apply only to motor vehicles having but two wheels in contact with the ground. "Motor vehicles" when used in this act, except when otherwise expressly provided, shall include all vehicles propelled by any power other than muscular, except road rollers, street sprinklers, fire engines and fire department apparatus, police patrol wagons, ambulances, and such vehicles as run only upon rails or tracks. "Non-resident" shall apply to residents of states or countries who have no regular place of abode or business in this state for a period of more than three months in the calendar year. "Number plate" shall mean the sign or marker furnished by the secretary of the state on which is displayed the register number or mark of a motor vehicle assigned to such motor vehicle by said secretary. "Operator" shall mean any person who operates a motor vehicle. "Person," wherever used in connection with the registration of a motor vehicle, shall include any corporation, association, co-partnership, company, firm, or other aggregation of individuals which owns or controls any such vehicle as owner, or for the purpose of sale, or for renting as agent, salesman, or otherwise. "Police

officer" or "officer" shall include any constable or other officer authorized to make arrest or to serve process, provided he is in uniform or displays his badge of office. "Register number" shall apply to the number or mark assigned by said secretary to a motor vehicle, whether or not such number or mark includes a letter or letters. "Secretary" shall include the secretary of the state and the supervisor of motor vehicles.

Statement to be made in application and certificate. SEC. 2. Every owner of one or more motor vehicles shall file annually in the office of the secretary, on a blank furnished by said secretary, a statement of his name, residence, postoffice address, and a description of each motor vehicle owned or controlled by him, including the name of the maker, the number, if any, affixed by the maker, the character of the motor power, and such other information as shall be required by said secretary; and said secretary, or his duly authorized agent, shall register such motor vehicle, assigning to it a distinguishing number or mark, and shall thereupon issue to the owner thereof a certificate of registration which shall contain the amount of the motor power of such motor vehicle stated in figures of horse power, such horse power, in the case of internal combustion engines, to be determined in accordance with the formula adopted by the Association of Licensed Automobile Manufacturers, and in the case of steam and electric cars and motor vehicles, the amount of such horse power to be taken as advertised by the maker thereof, and if such motor vehicle has two ratings of horse power, the registration to be based upon the higher rating, the name, place of residence, and post office address of the owner, and the number or mark assigned to such motor vehicle, and shall be in such form and contain such further information as said secretary may determine. Such certificate shall at all times be carried upon such motor vehicle and shall be subject to examination upon demand by any proper officer. An applicant for the registration of a motor vehicle who does not file his application therefor until after the first day of June in any year shall be entitled to a pro rata reduction in the fee for such registration calculated to the first day of the month in which the application is made. Upon the transfer of ownership of any motor vehicle its registration shall expire, and the person in whose name such vehicle is registered shall return forthwith the certificate of registration to the secretary with a written notice containing the date of such transfer of ownership, and the name, place of residence, and post-office address of the new owner. A person who transfers to another the ownership of a registered motor vehicle owned by him, upon the filing of a new application and upon the payment

In pursuance of the provisions of Section 3 of this Act, the Secretary hereby prescribes the following method for the display of operators' license numbers on motor vehicles registered under the provisions of said section :

The number shall be painted or enameled on a stiff metal plate, the figures thereon shall not be less than four inches high and each stroke thereon shall be not less than one-half inch wide and the figures shall be three-quarters inch apart. The color of the figures shall be bright yellow and the background black. The plates or markers shall be securely fastened to the back of the seat on unfinished or test cars, and on finished motor vehicles they shall be securely fastened, so as not to swing, on the rear of the motor vehicle in some position as conspicuous as is required for the marker on which is displayed the register number of the car.

of the proper fee, may have registered in his name another motor vehicle for the remainder of the calendar year, provided the horse power of such motor vehicle is the same or less than that of the motor vehicle next preceding registered by him; but if the horse power of the motor vehicle is greater than that of the motor vehicle next preceding registered by him, the applicant shall pay, in addition to said fee, the difference between the fee paid by him for the motor vehicle next preceding registered by him and the fee for the registration of the motor vehicle of the higher horse power. The registration of every motor vehicle shall expire at midnight on the thirty-first day of December in each year.

Dealer's, liveryman's and manufacturer's application. SEC. 3. Every dealer, liveryman, or manufacturer of motor vehicles may, instead of registering each motor vehicle owned or controlled by him, make application to said secretary for a general distinguishing number or mark, and the secretary may, if satisfied as to the facts stated in said application, issue to the applicant a certificate of registration containing the name, place of residence, and business address of the applicant, and the general distinguishing number or mark assigned to him, and made in such form and containing such further information as said secretary may determine, and every motor vehicle owned or controlled by such manufacturer, dealer, or liveryman shall, until sold or loaned for a period of more than five successive days, be regarded as registered under, and have assigned to it, such distinguishing number or mark. Manufacturers, dealers, or liverymen shall not be required to carry such certificates upon the vehicles registered under the provisions of this section, but every person operating a motor vehicle registered under the provisions of this section shall display on such vehicle, in such manner as said secretary may prescribe, the operator's license number assigned to such person. The registration of every motor vehicle registered under the provisions of this section shall expire at midnight on the thirty-first day of December in each year.

Markers, to be displayed on front and rear of motor vehicles. SEC. 4. Every motor vehicle, except motor cycles, shall, at all times while in use or operation upon the public highways of this state, have displayed in a conspicuous place, at the front and rear, the registered number plates or markers furnished by the secretary. Said plates shall be in such form as said secretary may determine, shall bear the initial letter of the state, and the figures of the registered number thereon shall be not less than four inches high and each stroke not less than five-eighths of an inch wide, and each digit thereof shall occupy a space not less than three and one-half inches in width. Said secretary shall furnish annually, with-

out charge, not more than one pair of number plates for each individual registered owner, and not more than six pairs of plates for each registered manufacturer, liveryman, or dealer, upon application therefor. Such number plates, upon such motor vehicle, shall, at all times, be entirely unobscured, and the registered number and letters thereon shall, at all times, be plainly legible. The rear number plate shall be horizontal, shall be so fastened as not to swing; the lower edge thereof shall be at least eighteen inches from the ground, and, during the times when a motor vehicle is required to display lights, said rear registered number shall be so illuminated as to be legible at a distance of sixty feet. If any number plate supplied by the secretary is lost or mutilated, or if the register number thereon becomes illegible, the owner or person in control of the motor vehicle for which such number plate was furnished shall immediately place a temporary number plate bearing his registered number upon such motor vehicle; provided, however, that such temporary number plate and the register number thereon shall conform to the regular number plate and be displayed as nearly as possible as herein provided for said regular number plates; and shall, within twenty-four hours after such loss or mutilation of his number plate, as aforesaid, notify the secretary of the same and apply for a new number plate, and thereupon said secretary shall supply a new plate upon the payment of the fee therefor, as hereinafter provided.

**Initial letter of
state and certificate

SEC. 5. Every motor cycle shall, at all times while being used or operated upon the public highways of this state, have displayed thereon the initial letter of this state and the number or mark assigned to such motor cycle, such letter and figures to be at least one inch high and either painted on such motor cycle or displayed on a plate or marker securely fastened thereto, and no motor cycle shall be operated with its muffler opened.

**Motor vehicles to
be provided with
brakes, lights and
horn, air or gas
blown whistle or
bell.**

SEC. 6. Every motor vehicle of more than ten horse power, while in use on the public highways of this state, shall be provided with at least two brakes, powerful in action and separated from each other, of which one brake shall act directly on the driving wheels or on parts of the mechanism which are firmly connected with said wheels. Either one of the two brakes shall be sufficient to stop the motor vehicle within a reasonable

distance. One of the two brakes shall be so arranged as to be operated with the foot; provided, however, that, on motor vehicles not exceeding ten horse power, one brake shall be deemed to be sufficient. Every motor cycle shall be provided with at least one brake, which brake may be operated by hand. Every motor vehicle so operated, shall be provided with a suitable bell or horn, and shall, during the period from one-half hour after sunset to one-half hour before sunrise, display at least two white lights on the forward part of said vehicle, and every motor cycle so operated, at least one white light, which lights shall be visible not less than two hundred feet in the direction toward which the vehicle is proceeding; every motor vehicle, except motor cycles, so operated, shall have a rear light so placed as to show a red light from behind, and a white light so arranged as to illuminate the rear number plate in accordance with the provisions of section four. No motor vehicle shall be operated upon the public highways within the limits of any city or borough of this state at any time, and no motor vehicle shall be operated on any other public highway between the hours of nine o'clock in the evening and six o'clock in the morning, unless the engine of such vehicle shall be fully and completely muffled while so operated, nor shall the operator thereof use or operate thereon any other device for signal except a horn, air or gas blown whistle, or bell, excepting fire apparatus.

**Operators'
License.**

SEC. 7. No person shall operate a motor vehicle upon the public highways of this state until he shall have obtained from the secretary a license for that purpose, but no such license shall be issued until said secretary, or his authorized agent, is satisfied that the applicant is a proper person to receive it. Nothing herein contained shall prevent the operating of a motor vehicle by an unlicensed person sixteen years of age or more, other than a person whose application has been refused or whose license has been suspended or revoked, if accompanied by a licensed operator, which licensed operator shall be personally liable for any violation of the provisions of this act. Licenses for operating motor vehicles shall be issued by said secretary, but no license shall be issued to any person under the age of eighteen years. Applications for licenses shall be made upon blanks furnished by said secretary, and such application blanks shall be in such form and contain such provisions, not inconsistent with this act, as said secretary may determine. A number shall be assigned to each license, and a proper record of all applications for licenses and licenses issued shall be kept by said secretary at his office, and shall be open to public inspection. Each license shall state the name, place of residence, and post-office address of the licensee and the number assigned to him, and

such provisions, not inconsistent with this act, as said secretary may determine. Every person licensed to operate motor vehicles as aforesaid shall endorse his usual signature on the margin of the license, in a space provided for the purpose, immediately upon the receipt of said license, and such license shall not be valid until so endorsed. Said licenses shall expire at midnight on the last day of February in each year. Such a license shall, at all times, be carried by the licensee when he is operating a motor vehicle upon the highways of this state, and shall be subject to examination upon demand by any proper officer.

SEC. 8. The secretary shall collect fees as follows: For the registration of every motor cycle, one dollar; for the registration of every commercial motor vehicle and every motor truck, regardless of the horse power thereof, five dollars; for the registration of every motor vehicle owned or controlled by a liveryman, ten dollars; for registration of every motor vehicle of less than twenty horse power, six dollars; for registration of every motor vehicle of twenty horse power and above, but less than thirty horse power, ten dollars; for registration of every motor vehicle of thirty horse power and above, but less than thirty-five horse power, fifteen dollars; for registration of every motor vehicle of thirty-five horse power and above, but less than forty horse power, twenty dollars; for registration of every motor vehicle of forty horse power and above, thirty dollars; for the substitution of the registration of a motor vehicle previously registered in accordance with the provisions of section two of this act, two dollars; for each motor vehicle engine owned by or under the control of a manufacturer of motor vehicles and tested or operated on the highways of the state, two dollars for each such engine, and every such manufacturer shall, on or before December 31, in each year, make a written report under oath, to the secretary, of the number of engines so tested or operated during the year last preceding; for registration of all the motor vehicles owned by or under the control of a dealer in motor vehicles, twenty dollars; for every operator's license to operate motor vehicles, two dollars; for every additional copy of a certificate of registration or license, fifty cents; for every additional set of number plates furnished to replace such as have been lost or mutilated, or which are illegible, and for every additional set of number plates furnished to a manufacturer of motor vehicles or to a dealer or liveryman whose business requires more than six pairs of such plates, one dollar; provided, however, that said secretary, or his authorized agent, may furnish without charge copies of certificates of registration and licenses to operate and copies of other documents relating thereto to officers of the state, or of any court thereof, or of a city or town therein.

The secretary may suspend or revoke any certificate of registration or any license issued to any person under the provisions of this act, after due hearing, for any cause which he may deem sufficient, and may suspend the license of any operator, in his discretion, and without a hearing, and may order such certificate or license to be delivered to him whenever he has reason to believe that the holder thereof is an improper or incompetent person to operate motor vehicles, or is operating improperly or so as to endanger the public; and neither the license nor the certificate of registration shall be reissued, unless upon investigation or examination, or after a hearing, except, as hereinafter provided, said secretary determines that the operator should again be permitted to operate; and no motor vehicle, the registration of which has been so suspended or revoked, shall be registered in the name of any person until at least thirty days from the date of suspension or revocation, unless said secretary shall determine otherwise. Whenever the death of any person results from any accident in which a motor vehicle is concerned, said secretary shall forthwith suspend the license of the operator of the motor vehicle involved in said accident and order the said license to be delivered to him, and shall revoke the same, unless, upon investigation or after a hearing, he determines that the accident occurred without serious fault upon the part of such operator. No operator whose license is so revoked shall be licensed again within two years after the date of the revocation, nor thereafter except in the discretion of said secretary. Notice of the revocation or suspension of any license or certificate of registration shall be transmitted forthwith by said secretary to the chief of police of the city or prosecuting officers of the borough or town in which the person whose license or certificate of registration so revoked or suspended resides.

If such horse or other draft animal being so led, ridden, or driven, shall appear to be frightened, and if the person in charge thereof shall signal so to do, the person operating such motor vehicle shall bring the same immediately to a stop, and if traveling in the opposite direction shall remain stationary so long as may be reasonable to allow such horse or other animal to pass, or if traveling in the same direction shall use reasonable caution in thereafter passing such horse or other animal. No operator whose license is so revoked shall be licensed again within two years after the date of the revocation, nor thereafter except in the discretion of said secretary. Notice of the revocation or suspension of any license or certificate of registration shall be transmitted forthwith by said secretary to the chief of police of the city or prosecuting officers of the borough or town in which the person whose license or certificate of registration so revoked or suspended resides. Chapter 216.

An Act Concerning the Meeting and Passing of Persons and Vehicles on Public Highways.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

SECTION 1. Whenever the term “vehicle” is used in this act it shall include bicycles, tricycles, motor bicycles, motor vehicles of all kinds, vehicles drawn by horses or other animals, and all other vehicles used for the carriage of persons or goods, no matter how propelled, excepting only such vehicles as are run only upon rails or tracks.

SEC. 2. Whenever a person walking in the traveled portion of a public highway, or a person riding, driving, or leading a horse or other animal therein, or driving or operating a vehicle therein, shall meet another person thus walking or thus riding, driving, or leading a horse or other animal, or thus driving or operating a vehicle, if such persons are moving in opposite directions each shall slacken his pace, if necessary, and seasonably turn to the right so as to give half of the traveled road, if practicable, and a fair and equal opportunity to pass, to the other; or, if they are moving in the same direction, the person overtaking shall pass on the left side of the person overtaken, and the person overtaken shall, as soon as practicable, turn to the right so as to give half of the traveled road and a free passage on the left, to the other. Any such person shall, at the intersection of public highways, keep to the right of the intersection of the centers of such highways when turning to the right, and pass to the right of such intersection when turning to the left.

SEC. 3. Every such person who shall, by neglecting to conform to the provisions of section two of this act, cause any injury to the person or property of another, or shall negligently collide with another, thereby causing such injury, shall pay to the party injured treble damages and costs.

SEC. 4. If the owner of any horse or other animal, or of any vehicle, shall entrust such animal or vehicle to his agent, servant, or employe, to be ridden, led, driven, or operated by such agent, servant, or employe upon the public highways of this state, or shall rent or loan the same to an incompetent and inexperienced person to be thus ridden, led, driven, or operated, and such agent, servant, or employe, while in the

execution of such owner's business within the scope of his authority, or such incompetent and inexperienced person, as a result of such incompetency and inexperience, shall, by neglecting to conform to the provisions of section two of this act, cause any injury to the person or property of another, or shall negligently collide with another, thereby causing such injury, such owner shall pay to the party injured his actual damages and costs; but in every case the party injured shall elect whether he shall proceed against such owner under the provisions of this section or against the person actually causing such injury under the provisions of section three of this act.

SEC. 5. Any person violating any of the provisions of section two of this act shall be fined not more than fifty dollars.

SEC. 6. Sections 2035, 2036, 2037, and 2038 of the general statutes and all other acts and parts of acts inconsistent herewith are hereby repealed.

OFFICE OF THE SECRETARY.

SUMMARY OF MOTOR VEHICLE LAW.

The new automobile law passed by the general assembly at its session of 1909 took effect September 1, 1909.

The following requirements should be noted:

- 1.—Registrations are annual.
- 2.—All registrations expire the thirty-first day of December at midnight, and all licenses to operate expire the last day of February, at midnight.
- 3.—Upon the sale or transfer of ownership of a motor vehicle its registration expires, but a person who makes such sale or transfer, upon filing a new application, and upon paying the proper fee, which is two dollars, may have registered in his name another motor vehicle for the remainder of the calendar year; provided the horse power of such motor vehicle is the same or less than that of the one sold or transferred registered by him; but if the horse power is greater than that of the motor vehicle next preceding registered by him, he shall pay in addition to such fee the difference between the fee paid by him for the motor vehicle sold or transferred by him and the fee for the registration of the motor vehicle of the higher horse power.
- 4.—All who operate motor vehicles and motor cycles, must obtain a license annually. The fee for a license to operate a motor vehicle or a motor cycle is two dollars, and no pro rata reduction is allowed for any fraction of a year. All such licenses expire at midnight on the last day of February of each year. Licenses shall at all times be carried by the licensee when he is operating a motor vehicle or a motor cycle.
- 5.—Operator shall mean a person who has obtained a license to operate a motor vehicle or a motor cycle.
- 6.—Each machine is required to bear a different number and be registered separately.
One set of official markers are furnished annually without charge.

- 7.—Only official markers can be used and must be obtained of the secretary of the state; provided, that in case of the loss or mutilation of a marker, the owner or person controlling a motor vehicle shall immediately place a temporary plate bearing his registration number on such motor vehicle and shall within twenty-four hours after such loss or mutilation notify the secretary and apply for a new set of number plates which shall be furnished on the payment of one dollar.
- 8.—In case of a loss of certificate or license, duplicates may be secured from the secretary on payment of fifty cents for each duplicate of license or registration.
- 9.—Manufacturers, dealers and liverymen, will be required to use special markers furnished by the secretary, six sets of which shall be furnished, with the certificate of registration, annually, and one pair of plates for individual owners, upon application therefor, without charge.
- 10.—In order to secure a registration as a liveryman, the applicant must maintain for hire more than two motor vehicles or one or more taxicab.
- 11.—The registration certificate of each machine must be conveniently kept in the same.
- 12.—Each operator must carry his license so it can be shown when required.
- 13.—All applications for registration and license must be made on blanks furnished by the secretary, the writing must be legible and signatures plainly written. All blanks must be filled in and all questions answered.
- 14.—All registration cards must be returned to this office un mutilated as they are used in a filing case as a card index.
- 15.—Upon the sale or transfer of ownership, any person in whose name such motor vehicle or motor cycle is registered shall return to the secretary's office the old certificate together with the name and address of the new owner.
- 16.—All operators shall indorse their signatures on the space provided, immediately upon the receipt of their license, and the license shall not be valid until so indorsed.

Secretary.

TABLE OF FEES
FOR
REGISTRATION OF MOTOR VEHICLES
Under the Motor Vehicle Law of 1909.

All registrations expire on the 31st day of December at midnight, in each year.

A pro rata reduction in fees is allowed on applications for registration filed after the first day in June in any year.

For annual registration the fees are:

\$1.00 for each motor cycle, regardless of the horse power thereof.

\$5.00 for each commercial motor vehicle regardless of the horse power thereof.

\$10.00 for each motor vehicle owned or controlled by a liveryman.

\$20.00 for all motor vehicles owned or controlled by a dealer.

60c. per horse power for every other motor vehicle of 25 horse power or more.

50c. per horse power for every other motor vehicle of less than 25 horse power.

Said horse power must be based on the formula adopted by the Association of Licensed Automobile Manufacturers, in the case of internal combustion engines, and in the case of steam and electric cars, must be based on the horse power as advertised by the maker, and in the case of two ratings, the registration must be based on the higher rating.

 Remittances should be made by check, postal money order; or if currency by registered mail.

Postage stamps will not be accepted as payment for fees for Motor Vehicle Registrations and Licenses.

FORMULA FOR THE A. L. A. M. RATING.

1. Bore squared, multiplied by the number of cylinders and divided by 2.5.

Example: bore 4, squared 16; multiplied by number of cylinders, 4, = 64; 64 divided by 2.5 = 25.6 Horse Power.

A. L. A. M. rating.

2. All fees must be absolutely correct or registration and license will be delayed.
